Indiana University, Kelley School of Business – Bloomington, IN

May 2025

Bachelor of Science in Business; Majors: Finance and Accounting

- Business Problem Solving with AI: Competed against 88 teams in Kelley's AI Prompt-a-Thon to solve a timed, real-world business challenge using advanced prompting skills and large language models.

GPA: 3.20/4.00

EXPERIENCE

Hammer Financial Group – Schererville, IN

May 2024 - August 2024

Financial Planning Intern

- Conducted portfolio assessments using financial analysis tools to support advisors with data-driven recommendations tailored to clients' short- and long-term financial goals
- Gained hands-on knowledge of investment and insurance products—such as annuities, mutual funds, ETFs, and life insurance—and supported alignment of product strategies with client objectives
- Shadowed senior advisors in client meetings to observe investment planning in action and learn how financial strategies are adjusted based on individual risk profiles and life stages

Hubinger Landscaping – Crown Point, IN

May 2023 - August 2023

Landscaper

- Collaborated with a team to execute residential landscaping projects, including planting, mulching, and hardscaping, while maintaining efficiency and attention to detail
- Communicated directly with clients to understand project goals and translate design preferences into high-quality, customized outdoor spaces

Wabash Center – Crown Point, IN

June 2022 – August 2022

Direct Support Professional

- Supported children with special needs in both one-on-one and group settings by implementing individualized learning plans and daily routines to promote social, emotional, and cognitive development
- Fostered a safe, inclusive environment by building trusting relationships through consistent mentorship and empathetic care, helping clients achieve developmental and behavioral milestones
